### from Lee Doyel - Upcoming Reunion Cruise Update

You can still register and sign up for the reunion cruise in September (Sep 15-22) although it will now require you to pay the full price of the cruise on registration. To date (5/21/19) there are only 25 members that have completed their registration and paid the fare. You can even wait into the first part of September to sign up for the cruise but cabin choice may be limited at that time. Details

and registration for the cruise are in this YAGRGRAM and those deciding now or in the near future should contact Brian Forrester (480-332-7294). If you are considering going I urge you to act now because in mid July I am going to decide whether or not to formally consider this a YAGR reunion.

SUBJECT - IRS TAX EXEMPTION FOR YAGRS ASSOCIATION - Lee Doyel

### BACKGROUND

Last year Armand LAMARCHE, the YAGRS Treasurer since 2011, informed me that he needed to resign his position as Treasurer. Ray OSTROWSKI volunteered to fill the position. The turnover took place at the September reunion in New Orleans. Prior to that, arrangements were made with the Bank of America in Billerica, MA where the Association bank account was maintained (which is also the hometown of Armand) for change of treasurers. During those arrangements the bank on its own volition applied for a tax identification number for YAGRS. The Association subsequently received a letter from the IRS dated August 31, 2018, giving us the EIN 83-1763477.

I checked with my neighbor, who is CEO of a large CPA company in Florida. Businesses can on their own get a tax number for an organization. I think the bank did this on its own to cover themselves in case of a bank audit or other inspection of bank procedures and policies. The lady handling the YAGRS account informed Armand that no tax return or action was required of the Association because of the IRS letter. I was not so sure. I showed the IRS letter to my neighbor. He confirmed my doubts. YAGRS would have to formally apply for tax exempt status and make annual tax returns.

### ACTION

A detailed search was made as to which section of the tax code we could use to get exempt status. After extensive research it was decided to apply under section 501(a), Section 501©(7), Social Clubs. The form required copies be submitted of articles of formation, a financial report, list of officers, type of activities, publications, etc.

I then worked up a set of by-laws for YAGRS which was required as articles of formation. I worked with Ray and Mel HARDER, Secretary, on the drafts and we all signed the finish copies as required by the form. The by-laws had to be approved by the Association members. However since we would not meet again until September 2019, and the IRS letter was dated in August 2018, I back dated that the by-laws were approved at the New Orleans business meeting on September 22, 2018. A copy the by-laws is attached to this memo. We can formally adopt them at our next business meeting.

The financial form was the most time consuming as it required a current statement of revenue and expenses and a budget for the next two years. Working closely with Ray and my neighbor, and after several weeks of revisions and fine tuning, we managed to get one that was suitable. We would have been in a world of hurt if it had not been for Ray's effort and patience. He would fill out the form and my neighbor and I would check it and make changes and back to Ray with the revisions. This took several weeks as my neighbor was working this in between his regular work and was doing it free.

### RESULTS

The application was submitted to the IRS on January 15, 2019 with a \$600 filing fee, and they acknowledged receipt on March 18, 2019. Ray, I and my neighbor spent the better part of three months working on the application. Apparently the effort was well spent as Ray received a letter from the IRS dated April 30, 2019 giving us tax exempt status. My neighbor said that was unusually fast and the IRS almost always asks for additional information and explanations before granting exempt status. We made it on the first try!

I did this with the Executive Council (Ray and Mel and myself) along with my neighbor without input from members and formal procedures which I would normally do and apologize for leaving the members out. But I saw no other expeditious way to get the tax exempt status other than the way I did.
